Official NFL v2 Statistics Feeds

2017-18 Season

Table of Contents

NFL Statistics Feeds

We package our comprehensive stats collection into the following feeds, each focused on serving specific information needs.

Daily Change Log – information on any changes made to teams, players, game statistics, schedules, and standings

Game Boxscore – provides scoring information for each team, including complete drive and play information for all scoring events.

Game Roster – provides game roster information for each team as well as player profile data, including NFL related reference ids.

Game Statistics – provides team and player level game statistics for each team.

League Hierarchy – provides complete league hierarchy information including team information such as venues and NFL reference ids.

Play-by-Play – provides complete play by play narrative including possession and location information as well as all team and player statistics earned on each play.

Player Participation - provides complementary data collected by the NFL that indicates all 22 players on the field for every play of every game.

Player Profile - provides player biographical information, NFL related reference ids, draft information, as well as seasonal statistics for the regular and post season.

Schedule – provides complete schedule information for the entire season, including game, team, and venue information.

Seasonal Statistics – provides complete team and player seasonal statistics for the specific season and season type.

Standings – provides standings information for each team, including strength of schedule and strength of victory information.

Team Profile – provides franchise team information, including NFL references, as well as a roster of active players.

Team Roster – provides franchise team information, including NFL references, as well as the complete 53 man roster of players.

Weekly Depth Charts – provides depth chart information for each team for a given NFL week

Weekly Injuries – provides a complete list of injured players for each team for a given NFL week

Weekly Schedule – provides complete schedule information for the specific week of the NFL season, including game, team, and venue information.

Push Clock – game clock feed with high level scoring and possession information

Push Events – detailed, real-time information on every game event

Push Statistics - detailed game stats at the team and player levels

Frequently Asked Questions

Q: What time zone are the date time fields presented in?

A: All of our Date/Time attributes are in UTC, presented in the ISO 8601 standard format.

ex: 2013-04-03T18:15:00+00:00

For more information: https://en.wikipedia.org/wiki/ISO_8601

Q: When are the game scores added to the Schedule feeds?

A: Game and period scores will be added to the feed when the game status changes to complete.

Q: What are the season types and their descriptions?

A: Here are the valid season types and their descriptions:

PRE – Pre-season
REG – Regular season
PST – Post-season

Q: What are the player positions I can expect to see?

A: Here are the valid player positions:

C
C/G
CB
CB/RS
CB/S
DB
DE
DE/LB
DL
DT
FB
FB/RB
FS
G
G/C
G/T

WR/PR
WR/RB
WR/RS

Q: What are the player statuses and their descriptions?

A: Here are the valid player statuses and their descriptions:

A01 – Active
E02 - Exempt/Commissioner Permission
I01 - Inactive
P01 – Practice squad
P02 – Practice squad; Injured
P06 – Practice squad Exception
R01 – Reserve/Injured
R04 – Reserve/Physically Unable To Perform
R05 – Reserve/Non-Football Injury
R23 – Reserve/Future
R27 – Reserve/Non-Football Illness
R48 – Reserve/Injured; Designated For Return
NWT – Not With Team

Q: What are the venue roof types I can expect to see?

A: Here are the valid roof types:

outdoor
dome
retractable_dome

Q: What are the venue surfaces I can expect to see?

A: Here are the valid venue surfaces:

>   turf
>   artificial

Q: What are the game statuses and their descriptions?

A: Here are the valid game statuses and their descriptions:

>   scheduled – The game is currently scheduled to occur.
>   created – Game data (rosters, officials, etc) are being pre-loaded in preparation for the game.
>   inprogress – The game is currently in progress.
>   halftime – The game is currently at the half.
>   complete – The game is over, but the statistics validation process has not been completed.
>   closed – The game is over and the game statistics have been validated.
>   cancelled – The game has been cancelled.
>   postponed – The scheduled game has been postponed for some reason.
>   delayed – The scheduled game, or a game that was in progress, is now delayed for some reason.
>   flex-schedule – The game is currently scheduled to occur on a specific date and time, however, it will more than likely be moved to a different time for broadcast purposes.
>   time-tbd – The game is scheduled to occur, the date is known, but the start time has not been determined.

Q: What are the start and reasons, for a drive, I can expect to see in the feeds?

A: Here are the end reasons for a drive:

>   UNKNOWN
>   Touchdown
>   Safety
>   Field Goal
>   Missed FG
>   Blocked FG
>   Blocked FG, Downs
>   Blocked FG, Safety
>   Punt
>   Blocked Punt
>   Blocked Punt, Downs
>   Blocked Punt, Safety
>   Downs
>   Interception
>   Fumble
>   Fumble, Safety
>   Muffed FG
>   Muffed Punt
>   Muffed Kickoff
>   Kickoff
>   Own Kickoff
>   Onside Kick
>   Kickoff, No Play
>   End of Half
>   End of Game

Q: What are the event types I can expect to see in the feeds?

A: Here are the valid event types:

    setup
    timeout
    comment
    period_end
    game_over

Q: What are the play types I can expect to see in the feeds?

A: Here are the valid play types:

    pass
    rush
    faircatch_kick
    extra_point
    conversion
    free_kick
    kickoff
    punt
    field_goal
    penalty

Q: What are the point after score types I can expect to see in the feeds?

A: Here are the valid score types:

    extra_point
    conversion
    penalty

Q: What are the possible official assignments I can expect to see in the feeds?

A: Here are the valid official assignments:

    referee
    umpire
    headlinesman
    linejudge
    fieldjudge
    sidejudge
    backjudge
    downjudge
    replayofficial

Q: What are the possible detail categories I can expect to see in the feeds?

A: Here are the valid detail categories:
